

PA- Supplemental Guidance

WQL-03 **Rotation of supplement and feeding areas** – Rotate areas where minerals, supplements, feed, and portable watering troughs are located in order to distribute nutrients throughout the grazing system and reduce the amount of disturbed/bare areas.

Pastureland – System/acre

Not compatible with ANM23

Forestland – System/acre

Not compatible with PLT05, SQL07

Forestland is not typically grazed by livestock in PA.

No additional guidance for 2011-1
